

Training FOR THE REAL WORLD™

Safety and Scenario Development Supervisor Course

Consisting of formal lectures and practical lessons, this program provides hands-on experience with Simunition® training ammunition technology, instruction in the safe and effective use of Simunition® products, including FX® Marking Cartridges and CQT® cartridges as used with the Simunition® conversion kits.

This course, developed for professional law-enforcement and military firearms instructors, also addresses all aspects of Simunition® situational interactive scenario development training. Dealing with instructor target, man-on-man and force-on-force training for real life situations, it stresses the safety aspects of scenario training, as well as developing judgmental skills.

Subjects covered in the course will include:

Simunition® cartridges :

- Non-lethal FX® Marking cartridges
- Non-lethal SecuriBlank™ cartridges
- Lethal CQT® training cartridges

Simunition® weapon conversion kits :

Simunition® protective equipment

Equipment requirements for this course :
